

I write this letter of reference for Aerarium, LLC dba schoolAbility .

To whom it may concern,

I am the Secretary of the Governance Council for Christine Duncan Heritage Academy in Albuquerque, NM.

Our SchoolAbility team members are responsible for the financial operations of the school.

As a GC Council member, I appreciate the expertise and experience that these professionals bring to our school finance processes. We appreciate the manner in which Sarah interacts with the GC members and the finance committee; answering all questions and patiently explaining details pertinent to our financial oversight. I must mention that the reports presented at the CG meetings are clear and very well formatted including great visual graphs!

I highly recommend SchoolAbility based on their knowledge of school business and their professional team of individuals who have brought great confidence to the GC Board in regard to the financial management processes of our school.

Edie K. Hegwer

Governance Council Secretary

Christine Duncan Heritage Academy

Albuquerque, NM
