To whom it may concern,

We are pleased to provide this letter of endorsement regarding our experience working with schoolAbility to implement Skyward Qmlativ at YUHSD.

schoolAbility supported our transition to Skyward Qmlativ's core modules, including positions, accounting, payroll, and purchasing among other required system setup items. With their work and guidance, we successfully completed our first payroll in Skyward in approximately four months. This timeline speaks not only to the strength of the product and the effectiveness of the schoolAbility team, but also to our district's commitment and the collective dedication needed from all parties to bring the implementation to fruition.

Most critical to our success was the partnership among our HR, Business, and IT teams, working closely with schoolAbility throughout the process. We relied on schoolAbility to lead us through the setup of the core HR and finance components, while our IT team explored and implemented some of the product's extended capabilities. We also greatly appreciated the availability and responsiveness of schoolAbility's staff, who often joined impromptu meetings on very short notice to answer questions and help maintain forward progress.

This collaborative approach allowed us to move quickly, remain aligned across departments, and successfully implement Skyward Qmlativ within our ambitious timeline.

We have greatly appreciated schoolAbility's guidance, responsiveness, and expertise throughout the transition and their continued partnership as we continue to expand Skyward Qmlativ's capabilities. Their partnership has been critical and tremendously valuable in helping us achieve our goals.

Sincerely,

A handwritten signature in black ink, appearing to read "DF", is placed above the typed name of the sender.
